

# GREAT STRIKE IN NEW YORK WILL EFFECT 80,000 MORE

Central Federation Decided To Call Out Its Members On Monday, When Efforts To Secure Mediation For Carmen Fail

## NUMEROUS OUTBREAKS AGAINST NON-UNIONISTS

Subway and Elevated Lines of New York City Are Almost On Schedule Time, But Surface Roads Give Crippled Service

(Associated Press by Federal Wireles.)

NEW YORK, September 16.—All efforts to secure successful mediation in the strike of the trainmen of the Interborough system having failed, President Shonts steadfastly refusing to listen to any suggestions of arbitration, it was formally decided at a meeting of the Central Federation Union to call a sympathetic strike on Monday morning of all the union members in all the crafts allied with the striking trainmen.

### Eighty Thousand Affected

An announcement of the enlargement of the strike was made last night, following the session of the central executive committee. Following the directions of their leaders, the eighty thousand unionists in the affected organizations will walk out.

Yesterday there were numerous outbreaks of violence on the part of the striking carmen, the non-union crews of the surface cars being stoned and a number being beaten up. The police reserves were kept busy throughout the day responding to riot calls from various parts of the city. The subway and elevated lines are running almost on schedule with their non-union crews, but the surface lines are giving only a crippled service.

### Optimism Was General

Prior to the formal action of the Central Federation Union last night a general feeling of optimism that the strike would spread no further but would be speedily settled was evident in business circles. It was expected that Mayor Mitchel, through his insistence upon some form of arbitration, would finally force the company into an agreement.

It is stated that seventy per cent of the 25,000 machinists working in the munitions plants have voted to go out in a sympathetic strike.

## POLITICS IS BEHIND DOMITROCOPULOS' STAND

(Associated Press by Federal Wireles.)

ATHENS, September 16.—It is believed here in political circles that the announcement of Domitrocopulos that he is unable to form a ministry, in succession to that of Zaimis, is due less to any failure he may have experienced in inducing men to become members of his proposed cabinet as to his desire to be left free to carry out his intentions of building up a personal political party, to emerge into activity later.

## FRENCH GOVERNMENT TO PLACE BOND ISSUE

(Associated Press by Federal Wireles.)

PARIS, September 16.—The new war loan by the French government, as proposed by the minister of finance, A. P. Ribot, was unanimously passed by the senate yesterday. This means the immediate placing of the bond issue, the plan having already been authorized by the chamber of deputies, which voted on the measure on Thursday.

## Grandson of Dickens Killed In France During Big Offensive

(Associated Press by Federal Wireles.)

LONDON, September 16.—Major Godric Charles Dickens, a grandson of Charles Dickens, the great English novelist, was amongst the British officers who have fallen during the offensive in France this week. News of the death of Major Dickens was given out at the war office last night.

## AMERICAN TRADE SECRETS GUARDED

Lloyd-George Declares Britain Has No Utter Motive In Examining Mails

(Associated Press by Federal Wireles.)

LONDON, September 16.—American trade secrets, as they may be contained in the letters seized and examined by the British censors, are as safe in the hands of these censors as they are in the United States postoffice, declared Lloyd-George, in a statement issued yesterday in reply to the American demand for a change of policy in the British handling of American mails taken for search from neutral mail ships.

The minister reiterated the British stand that the seizure of and examination of letters to and from the United States are for the sole purpose of enabling the British to secure information useful to them in the prosecution of the war and in no way for the purpose of making any use commercially of the information that may be secured.

Lloyd-George stated his belief that the whole agitation in the United States regarding the censorship results from the work of the German propagandists in America.

## JAPAN TO BUILD BIG STEEL PLANT

Output of Industry Designed To Make Empire Independent of Foreign Products

(Special Cablegram to Nippon Jiji.)

TOKIO, September 16.—Following a conference of some of the leading financiers of the Empire yesterday with a number of high government officials, it was announced that all plans have been completed for the establishment in Japan of a great steel plant, work upon which is to be commenced within a few months.

The plant, which is to be called the Oriental Iron Foundry, will be modern in all respects and its output is expected to make Japan independent of foreign steel.

B. Nakano, president of the chamber of commerce of Tokio, has been named at the head of the committee which is forwarding the arrangements for the new and important venture.

## 'GENERAL' COXEY SEEKS UNITED STATES SENATE

He Is Running In Ohio As Independent Candidate

(Associated Press by Federal Wireles.)

COLUMBUS, Ohio, September 16.—Jacob S. Coxey, who came into national prominence in 1894, when he led a number of unemployed across the continent to Washington, his following being known as "Coxey's Army," yesterday filed his papers as an independent candidate for the United States Senate.

"General" Coxey lives at Massillon, Ohio, and is now sixty-one years old.

Since the days when he marched or rode in stolen freight trains at the head of his nondescript, "General" Coxey has become wealthy.

## TEN DEATHS ARE CAUSED BY TERRIFIC EXPLOSION

(Associated Press by Federal Wireles.)

PITTSBURGH, September 16.—Ten persons are dead and twenty others are seriously injured as the result of a terrific explosion last night in the Oakdale plant of the Astha Chemical Company's works, where the manufacturing of dynamite has been carried on. The miles around the plant, resulted from some as yet unknown cause.

## COURTSHIP ON 'BRINY' FOLLOWED BY WEDDING

(Associated Press by Federal Wireles.)

SAN FRANCISCO, September 15.—After a courtship aboard the liner Sonoma, Frederick Gardam, a passenger from Honolulu, today married Jeanette Embork.

## MONSTER WARSHIP NEARS COMPLETION

Superdreadnought Arizona, Government Built, Will Be Commissioned Next Month

(Associated Press by Federal Wireles.)

WASHINGTON, September 16.—The superdreadnought Arizona, which was laid down in the New York Navy Yard in July of 1913, will be formally commissioned on October 15. Navy department officials are elated over this demonstration of the success possible to the government in the construction of its naval ships.

The Arizona, which is a sister ship to the Pennsylvania, has been completed on schedule time and when commissioned will have saved the government a million dollars, as compared to the bid made for her construction by the lowest private bidder.

The newest ship of the Navy has a normal displacement of 31,400 tons, with a length on the waterline of 600 feet and of ninety-seven feet beam. Her complement will be a thousand men. She carries twelve 14-inch guns in four triple turrets in her main battery and has also twenty-two 5-inch, 51-calibre pieces. She is fitted with Parsons turbines and is an oil burner.

## SIX COMPANIES PAY BIG PROFITS

They Pay Total of \$468,500 In Dividends To Their Stockholders

Six companies pay dividends amounting to \$468,500 today, these being Peabody, \$1 special, 40 cents regular, \$52,500; Hawaiian Sugar, \$1.20 special, 40 cents regular, \$225,000; O. R. & L., 65 cents, \$32,500; Waihua, 40 cents, \$90,000; Pacific Sugar Mill, \$8,500; Oahu, 20 cents, \$80,000.

Announcement was made that there will be no session of the exchange today this being Regatta Day, a public holiday. Waiuku Sugar Company's shares went on the new \$20 basis yesterday. Besides voting the usual dividend of 50 cents a share payable December 11 the director of McBryde Sugar Company voted the regular semi-annual dividend of 3 1/2 per cent payable December 31 at their meeting Thursday.

The stock market was dead to all intents and purposes yesterday, total sales being only 645 shares. Solomons Holdings gained three points and Olan recovered an eighth. Ewa sold at previous level while Oahu lost a half and McBryde three-eighths. Bidders offered 35 for Hawaiian Agricultural against last sale price 45, and 100 for Inter-Island against last sale price 300. Otherwise there was no material change in the market.

The curb market was active, 2500 Engles Copper selling at 2.65; 500 Mineral Products at 1.02 1/2 and 2000 at 1.00; 200 Mountain King at 75 cents; and 1000 California Hawaiian at 10 cents. Bid and asked prices were Honolulu Oil 2.85-3.00; Engles Copper 2.65-2.70; Mineral Products 1.00-1.02 1/2; California Hawaiian 10 cents and Mountain King 75 cents asked; Tipperary, 2 1/2-3 cents.

## JAPANESE JUVENILE KILLS HIMSELF IN MAUI

Leaves Note To Parents Giving Reason For Deed

Kihachi Shinkawa, a sixteen-year-old Japanese boy, committed suicide by poison at Kaniupali, Maui, on Wednesday according to a despatch received by the Japanese press in Honolulu. The parents notified Dr. Franklin Burt and Doctor Ohta, but the boy died before their arrival.

The following note, written in English, was found on a table in his room: "Dear Parents:—Excuse me for I am going to die killing myself because I found that this life of mine which is hardly worth living. I pray don't tell to anybody the fact that I am gone. The cause of my suicide is because one of my plan is prevented by my brother. I will give you information of detail from the better hand. Yours truly, "KIHACHI."

## FIT IN POLICE COURT RESULTS IN A DEATH

Following an epileptic fit in the prisoner's dock in the police court yesterday morning, in which he fell and cut his head severely, Peter Johnson, a German sailor, died in the emergency hospital at half past two o'clock yesterday afternoon. Police Surgeon Ayer pronounced it a case of epilepsy. Johnson was under trial and thirty-seven years old. Funeral services will be held at one-thirty o'clock this afternoon in Williams' Undertaking parlors. Interment will take place in the Loch View cemetery, Pearl City. Johnson was awaiting trial for drunkenness when he was stricken.

## REMEMBER THE NAME

Chanderlin's Colic, Cholera and Diarrhoea Remedy is the best known medicine for diarrhoea, dysentery, colic, cholera or poisoning in the stomach. You may need it some time. For sale at all dealers. Benson, Smith & Co., Ltd., agents for Hawaii.

## POLICE OFFICER OUSTED: ANOTHER GETS SUSPENSION

William Spencer Discharged For Extortion and Robert M. Kanealii Laid Off For Assault

## LATTER BRUTALLY BEAT UNOFFENDING SOLDIER

When Joseph E. Sheedy Intervenes On Behalf Of Khaki Boy, Mounted Officer Abuses Him

One policeman has been removed from the force through his resignation being demanded and another has been suspended for thirty days.

William Spencer, Alea policeman, has resigned, and he was booked at the police station yesterday morning on a charge of extortion. Mounted Policeman Kanealii has been suspended for thirty days for beating a soldier.

Spencer is accused of having arrested three Japanese—K. Himura, K. Taguchi and Fugita—employees of Oahu plantation, for fishing on Sunday, which is not in violation of any statute. Five dollars bond was collected from each man, but the three were not hooked and no report was made to Ewa court. One paid Spencer three dollars for the giving up of his seine. On complaint of the plantation officials, Sheriff Rose investigated, demanded Spencer's resignation and turned the case over to A. M. Brown, city attorney. The men were arrested August 27. Spencer's resignation is effective today. The case will go to the grand jury, it is expected.

### Sheedy Bees Brutal Assault

Kanealii's suspension was from last Saturday. Joseph E. Sheedy, general superintendent of the Inter Island, witnessed the assault and made charge against Kanealii. Mr. Sheedy was asked what had occurred, and he gave details of the assault.

He said that he was driving in King street, September 2, when he saw a soldier running, pursued by the policeman. At Nuuanu and King the soldier slipped and fell. The policeman grappled with him as he lay on the pavement and beat him over the head and in the face with his riding whip. It appeared, Mr. Sheedy said, that the policeman either kicked the soldier in the face or gouged him with his knee. The soldier made no resistance. Mr. Sheedy said, and his only defense was to try to shield his face against the blows of the whip.

Mr. Sheedy left his automobile and demanded that the policeman cease beating the soldier. Another policeman came and he and Kanealii took the soldier to the police station, whither Mr. Sheedy drove.

### Policeman 'Rough' Soldier

The policeman were "troughing" the soldier as they were walking to the station, Mr. Sheedy said. Sheriff Rose stated that they were urging him on as he was dragging back.

At the station Mr. Sheedy complained to Sergeant Needham. As he descended from his car Kanealii seized him by the arm, but was warned to cease. In the receiving room Kanealii waved his whip before Mr. Sheedy's face and addressed him as "dog" and "coward," and Sergeant Needham was unable to force him to cease. When Mr. Sheedy departed from the station after making his protest, Kanealii followed him, using more abusive language.

Sergeant Needham said that he asked the soldier whether he wished to make a complaint against Kanealii, and that the soldier replied that he did not. The sergeant admitted that he took the name of the soldier, but said that he had lost the slip on which it was written. Only slight bruises were visible on his face, he said.

### Sheriff Gets No Report

No report of Mr. Sheedy's protest was made by Sergeant Needham to Sheriff Rose. Mr. Sheedy called the sheriff's attention to it, telling what he had seen, and the sheriff suspended Kanealii. The sheriff said that Needham's failure to turn in a report was due to his belief that the incident was closed because the soldier was willing to drop the case.

Kanealii asserted, both at the time of the assault and to Sheriff Rose later, that the soldier had made an insulting remark to him as he was reporting in at hotel and Bethel streets. He chased the soldier to King and Nuuanu streets, where the assault occurred.

## WOMEN AND CHILDREN OF GREEKS TRANSPORTED

(Associated Press by Federal Wireles.)

BERLIN, September 15.—The Berlin Vossische Zeitung says that the wives and children of officers of the fourth Greek army corps are being transported to Germany from Kavala, Greece, to prevent the starving of the women and children by the Entente Allies. This corps was cut off from communication with Athens by the Entente forces and is being taken to Germany as neutrals.

## HESSIAN PRINCE IS SLAIN

(Associated Press by Federal Wireles.)

BERLIN, September 15.—Prince Frederick, eldest son of Prince Frederick Charles of Hesse and nephew of the Kaiser, has been killed in France. He is the second Hessian prince to fall. Seven other German princes have been killed in the war.

## STEAMER CONGRESS NOW HULK OF STEEL

Everything Burnable In Coastwise Vessel Was Destroyed By Fire At Sea

(Associated Press by Federal Wireles.)

MAHSHFIELD, Oregon, September 16.—Captain Cousins, commander of the ill-fated steamer Congress, which was the scene of a sensational fire at sea on Thursday night, went out to the hulk of the liner yesterday, boarding her as it was being towed to Portland. The captain made an inspection of the ship and a partial survey, finding that everything burnable in the liner had been destroyed.

From all that can be learned by the insurance experts who are gathering data in regard to the fire and its cause, the outbreak in the forward hold of the Congress came through spontaneous combustion.

The rescued passengers, who are now in Seattle, where they were taken by special train under charter to the Pacific Coast Navigation Company, join in praising the admirable discipline of the crew and the good work of Captain Cousins and his officers, to whom they give credit for the fact that there were no fatalities during or as a result of the fire at sea.

## AUSTRIAN SEAPLANE BASES ARE MENACED

Italian Air Raids Are To Destroy This Means Of Attack By Enemy

(Associated Press by Federal Wireles.)

ROME, September 16.—The series of recent air raids made by Italian hydro-aeroplanes against the Austrian seaplane bases were carried out in the effort to do damage these bases that future air attacks upon the Italian Adriatic cities might be impossible.

It is admitted that the anti-aircraft batteries at the various North Italian cities are inadequate for the proper defense of these places against the Austrian fliers and that the only successful defense Italy may make is through a counter-offensive against the Austrian bases.

In the last raid made by the Austrians upon Venice a number of public buildings were struck by the bombs dropped and numerous historical objects were damaged.

## AMERICAN-MEXICAN PROBLEMS COMPLEX

Practical Obstacles Have Arisen In Discussion of Issues

(Associated Press by Federal Wireles.)

NEW LONDON, Connecticut, September 15.—No early end to the sessions of the American-Mexican pacification commission is in sight.

Practical obstacles have arisen in the discussion and consideration of suggestions for the patrolling of the border which make it unlikely that agreement upon methods can be reached without prolonged talking over.

The commission adjourned today to reconvene on Monday.

## BRITISH COLUMBIA FAVORS PROHIBITION AND SUFFRAGE

(Associated Press by Federal Wireles.)

WASHINGTON, September 15.—A vote of 50,000 pesos, imposed on the British steamer Chinese Prince through the customs department, will probably be remitted, satisfactory results having been secured. The steamer sailed to deliver at Manila 2000 packages of goods consigned for American shippers and seized by the British at "Canning." The British government has agreed to release the freight and transport it to Manila.

## MEAT MAKES ACHY BACKS

Meat eaters are apt to have weak kidneys and lame, aching backs. The kidneys are at work all the time, filtering uric acid out of the blood, and a heavy meat diet increases the production of uric acid so greatly that in time it is likely to overwork and weaken the kidneys.

A little meat is good, and athletes or others who do heavy physical exercise out of doors can stand a lot of it, but persons who work inside should cut down on meat as soon as they begin to feel heavy after eating, and are having headache, dizziness, spells, rheumatic pains, nervous troubles and irregular action of the kidneys.

Neglect of this condition leads to danger of gravel, dropsy and Bright's disease. Don't delay.

Strengthen the kidneys by using Doan's Backache Kidney Pills. Thousands will tell you how good they are. "When Your Back Is Lame—Remember the Name." Don't simply ask for a kidney remedy—ask distinctly for Doan's Backache Kidney Pills and take no other. Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50c a box (six boxes \$2.50) or will be mailed on receipt of price by the Hollister Drug Co., or Benson Smith & Co., agents for the Hawaiian Islands.

## THEY SWEEP FORWARD ALONG 6-MILE FRONT AND SCORE BIG GAINS

Break Through German Third Line In One Place and Sweeping Northward Capture Three Important Towns, While French Continue Their Vital Encircling Movement

(Associated Press by Federal Wireles.)

LONDON, September 16.—Sweeping forward along a front of six miles the British infantry advanced yesterday in the most successful thrust of its present offensive, breaking the German third line in one place, capturing twenty-three hundred unarmored prisoners, taking three important towns and numerous fortified posts and capturing a number of heavy field pieces and numerous machine guns. In addition the advance swept the British lines to the north of Comblès, where a junction was effected with the French, who had advanced on the east of the city, thus throwing a circle around the German fortified position and cutting its garrison off from the main German force.

### BREAK THROUGH THIRD LINE TRENCHES

The British, whose artillery had churned the German trenches for miles between Thiepval and Comblès, advanced at one point for more than a mile, storming and capturing the town of Fiers and pushing their way further north to and through the German third line trenches. To the west the British hurled their regiments against the shattered defenses of Courcellette and Martinpuich, taking each town by storm and pushing on well to the north of each.

While the British were thus scoring the most notable advance since the resumption of their offensive on July 1, the French also advanced north from their recently captured positions at Le Priex farm and west from the D'Anderlu woods towards Rancourt.

### FRENCH CONTINUE ENCIRCILING MOVEMENT

Continuing the encirclement of Comblès, the French, in cooperation with the British, took a system of trenches, five hundred yards deep. South of the Somme, at Berny-en-Santerre, the French also captured three trenches and took two hundred prisoners.

The British are now consolidating their new positions and have driven off the feeble counter attacks so far launched by the Germans. The positions occupied place the British in command of the approaches to Bapaume, the main British objective, and also threaten seriously the heretofore unshakable hold the Germans have upon Thiepval, which town has now become the tip of a narrow salient swept by the British crossfire.

### BRITISH BETWEEN COMBLES AND POZIERE

All the high ground between Comblès and the Poziere-Bapaume highway is now in British possession and big guns are being hurried to the vantage points in this section.

The Berlin despatches of last night claim that the Germans have been successful in repulsing the British attempts to advance further along the heights towards Bapaume.

In their advance up to last night the British had occupied the greater part of the Bouleaux woods and have driven the last German defenders from High woods.

On the Meuse the Germans attacked the French positions in the Verdun sector, being twice heavily repulsed.

### ALLIES MAKE GAINS IN MACEDONIA

In Macedonia the Allies were equally successful with their offensive yesterday, the Serbians, French and British each scoring notable advances, in one section the Bulgarians being driven from their fortified positions and being driven back for twelve miles, losing heavily.

The British and Serbians added appreciably to their gains in North Macedonia, penetrating the Bulgarian positions and taking a number of prisoners. This series of actions was directed against the Bulgarian center. The spoils captured during the day by the Serbians include twenty-five cannon.

### BULGAR DEFENSES CAPTURED BY FRENCH

The French, advancing against the Bulgarian left, stormed and captured the Bulgarian defenses along a mile front, penetrating these for half a mile and forcing the Bulgars to abandon a large section of their line and withdraw to new positions twelve miles in their rear.

The success of the Serbs and British on their front has forced the Bulgars to evacuate the Macedonian town of Kastoria.

On the Austro-Italian front the Italians have launched a new drive south from Gorizia in the direction of Trieste, Rome reporting notable gains easterly of Vallone. These reported gains are denied in the Vienna official despatches.

The situation along the Russian front and in the Carpathians is unchanged.

## PRESIDENT IS UNABLE TO KEEP ENGAGEMENTS

Critical Condition of His Sister Keeps Him At Home

(Associated Press by Federal Wireles.)

LONG BRANCH, New Jersey, September 16.—News which reached President Wilson yesterday morning that his sister, Mrs. Annie E. Howe, had relapsed into a decline and was in a serious condition, has seriously disturbed his campaign plans and he will be unable to carry out a number of the trips scheduled for next week.

He will probably cancel the arrangements he had made for a trip to St. Louis on Wednesday next, where he was to have addressed the national convention of underwriters.

The President is holding himself in readiness to leave for New London at any time, should word come that his sister may be dying.

## CUMULATIVE PREFERRED STOCK WILL BE AUCTIONED

All the unallotted fractional shares of the seven per cent cumulative preferred stock of the Hawaii Consolidated Railway are to be sold at auction by James F. Morgan Company, at noon on October 2.

## SWEDISH GOVERNMENT SEIZES BRITISH CARGO

Retaliation Is Said To Be Behind This Action

(Associated Press by Federal Wireles.)

BERLIN, September 16.—A despatch to the Overseas Agency from Swedish sources announces a retaliatory seizure by the Swedish government officials of a large shipment of coffee beans, billed through Sweden for Finland consignees. The shipments seized aggregate ten thousand tons.

It is presumed that the Swedish authorities have seized the shipments because the British authorities have seized a number of shipments of coffee billed to Swedish importers and are detaining these shipments in British ports.

There is a shortage of coffee in Finland and it is thought that the pressure of the Finnish importers upon the British will result in the release of the coffee destined for Sweden.

## BRITAIN WILL DELIVER CHINESE PRINCE CARGO

(Associated Press by Federal Wireles.)

VICTORIA, September 15.—British Columbia election returns assure a majority of 5000 for prohibition and woman suffrage.
